2 4<sup>th</sup> generation honey Producer 30 years Hawaii

3 domestic honey markets has been flooded with  
cheap foreign honey that has escaped the tariffs  
set forth by the Baird Amendment

4 This discounted honey has destroyed the domestic  
Honey market for beekeepers.

5 IF YOU CHECK HONEY LABELS ON THE  
MAINLAND, ONLY A SMALL PERCENT SAY WERE  
THIS HONEY CAME FROM—MOST HAVE CHEAP  
CHINESE HONEY AND DON'T STATE THAT

WE NEED TO ENFORCE THE LAWS ON  
IMPORTING AND LABELING

6 This will soon put the producers out of business  
and could devastate Pollination needs in America  
that means billions of \$ lost in farm goods

7 THE NEXT GENERATION OF HONEY  
PRODUCERS MAY BE IN JEPORDY IF WE DON'T  
PROTECT THEIR MARKETS FROM FALSE  
LEBELING

8 APPROX. 200 MILLION LBS. IMPORTED FROM  
CHINA AND APPROX. 120 MILLION \$ WORTH  
OF TARIFFS SET IN PLACE WERE NOT  
COLLECTED NO ONE WILL SAY WERE THE  
MONEY IS OR HOW ALL THAT HONEY GOT  
PACKED WITHOUT IT'S PRESENCE BEING ON A  
LEBEL
